### The Departure.

About four o'clock yesterday afternoon Ben and Lewis Williams, and the family of the latter left on a special train for Benson, from whence they went direct to San Francisco, where they will remain for some time taking a well-earned rest. They intend later on to proceed to the state of Washington, expecting to locate in Tacoma or Seattle. Mr. Williams said: "We may engage in business enterprises in the Sound country, but wherever our home it will be on American soil." The departure was not attended by any formal demonstration. However, the Copper Queen Band was at the station and the vicinity of the train was on both sides crowded with people, including many ladies. Every-one wanted to give the Messrs. Williams a parting handshake. As the train pulled out the cheering and waving of hats and handkerchiefs was prolonged—the final testimonial of the community of its sincere regard for the departing ones. In another column we refer to the latter subject.

### SURE CURE FOR CROUP.

Twenty-five Years' Constant Use Without a Failure.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mother. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty-five years' constant use without a failure. For sale by all druggists. D.

The Roseland, B. C., Miner says that the highest paid man in the mining business in British Columbia is Major W. J. From the United Verde copper mine, with its income of \$11,000,000 a year, Senator Clark derives \$30,000 a day, which is \$1,250 an hour, or \$20 a minute. If the expectations of Mr. Clark in regard to the output of the United Verde mine are realized, of 996,000,000 pounds of copper a year, his income alone from this source will be \$17,280,000 a year, or \$45,000 day. At this rate the United Verde copper mine is worth \$580,000,000.—Republican.

Doc Goodin, backed by numerous friends in the vicinity, has issued challenge to Ed. Harrell, winner of the late contests at Phoenix, to rope and tie five steers or cows at Wilcox on Saturday, January 20, 1900, for \$300 a side. Doc's friends still have confidence in his skill and believe that out in the open with any kind of average range conditions he can defeat his late rival.—Range News.

The New Mexico law setting a value of \$4 per day upon labor on mining claims for annual assessments has been repealed, says the Rio Grande Republican, and it is now necessary to perform whatever number of days labor it may take, at the wages of the district, to amount to \$100.
